

Zoom Student License Changes

What to expect with the new Zoom Workplace for Education Standard Student license

Feature Comparison: Zoom Workplace Meetings (Paid License) vs. New Student License

Overview

Student Zoom accounts are transitioning to the new Zoom Workplace for Education Standard Student license. This article summarizes the expected changes and what to know when supporting students.

What's Changing?

Student Zoom accounts will move from the full paid Zoom Workplace Meetings license to the Zoom Workplace for Education Standard Student license.

Key Changes Students Will Notice

Meeting duration is limited to 40 minutes (previously up to 30 hours).

Cloud recording is no longer included.
Students can continue to save recordings locally.

Core collaboration features remain available, including meetings, Team Chat, Notes, Tasks, Whiteboard, Clips, Canvas, and more.

Some advanced features previously available to student accounts will no longer be included.

What Support Staff Should Expect

- Questions about the 40-minute meeting limit.
- Questions about missing cloud recording.
- Requests for clarification about feature availability compared to a full paid Zoom license.

Note: No action is required from support teams. Please direct licensing-related questions to the Zoom Administration team.
